WASHINGTON NOTES.

Senate Fails to Set Time to Vote on Exclusion Bill.

THREAT OF DEPEW.

In a Speech Against Election of Senators by the People He Demands Obliteration of the Suffrage Clause in Some States.

Washington, April 11.—An effort was made Thursday in the senate to obtain an agreement for a vote on the Chinese exclusion bill, but it was unsuccessful. Indications now are that the vote will be taken about next Tuesday. The measure was under discussion during the entire session Thursday, except for about one hour in which time the postoffice appropriation bill was considered and passed.

Three speeches were made against the Chinese bill in its present form. Mr. Dillingham of Vermont concluding his remarks, and Mr. Stewart of Nevada and Mr. Hoar of Massachusetts stating their objections to the bill.

Mr. Stewart said he would vote for the measure if it were the best that could be obtained, as he favored the exclusion of Chinese laborers, but he was opposed to many of its provisions.

Mr. Hoar, with considerable feeling announced his vigorous opposition to the bill, declaring he would never vote for it.

Early in the session Mr. Depew of New York spoke briefly against the adoption of the resolution providing for the election of senators by a popular vote. In effect he served notice on those states which had limited their suffrage that if the resolution was enacted a demand would be made on them to accord all their citizens the right to vote, or suffer a loss of representatives in congress.

The most notable speech on the Cuban reciprocity bill in the house so far has been made by Mr. Grosvenor of Ohio. He answered the critics who have charged him with inconsistency by saying that reciprocity was sound Republican doctrine and that tariff schedules were not sacred. He predicted that the time would come, although it had not yet arrived, when there would be an inexorable demand for revision of the present rates. Mr. Prince of Illinois made a strong speech against the measure.

The other speakers were Messrs. Lawrence of Massachusetts and Miers of Indiana for the bill, and Messrs. Weeks of Michigan and Kleberg of Texas against it.

Mr. Hitt of Illinois, chairman of the foreign affairs committee, reported back the resolution of inquiry introduced by Mr. Cochran of Missouri calling on the secretary of state for information regarding the alleged removal by Canadian officials of land marks along the Alaskan border. It was adopted without division.

He also reported back the Sulzer resolution calling upon the secretary of state for the report of the governor of Louisiana and all other correspondence relating to the establishment of a British base of supplies near New Orleans, La., and the shipment of horses and mules for the use of the British army in South Africa. The resolution was adopted.

The River and Harbor Bill.

Washington, April 11.—The senate committee on commerce has completed the river and harbor bill, numerous amendments being added, and the appropriations increased \$9,608,172, bringing them up to \$70,297,429. Of this increase, \$4,691,835 is in the way of direct appropriation, and the remainder for contracts authorized.

The following are among the principal items of increase:
Brazos channel, Texas, \$400,000; Galveston inner harbor, Texas, \$200,000, contract \$400,000; Guam harbor, \$150,000; Coosa river, Georgia and Alabama, \$475,000, contract \$1,950,845; Trinity river, Texas, \$25,000, contract \$150,000; upper White river, Arkansas, \$200,000; Mississippi river, mouth of the Ohio to the mouth of the Missouri, \$50,000, contract \$150,000; Mississippi river harbors, \$620,000; Missouri river \$320,000.

Investigation Stopped.

Washington, April 11.—The civil service commission has dropped the charges filed with its several months ago alleging that Governor T. B. Ferguson of Oklahoma and J. R. Renshaw, formerly clerk of the United States district court of Oklahoma, had violated the civil service law by sending out circulars of assessments for campaign funds. Dr. Ferguson and others testified the circulars were sent out without the knowledge of either of the two men and their names were not put on such circulars by their knowledge.

Three Skeletons Unearthed.

Niles, Mich., April 11.—C. E. and F. E. Jones of the village of Morice, uncovered three human skeletons, only eighteen inches below the surface. The bodies were those of two men and a woman. The skeletons show evidence of murder. The skull of one

man was perforated by two bullets. The skull of the second was crushed in by a blow, and several ribs of the woman were broken. Surgeons state that the skeletons are those of white persons.

President Back at Washington.

Washington, April 11.—President Roosevelt arrived here at 7:30 o'clock this morning. Owing to the early hour of arrival there was no demonstration and the president was at once driven to the White House.

RIOTS IN BELGIUM.

Government Troops and Strikers Fight and Many Wounded.

Brussels, April 11.—Sharp fighting between strikers and gendarmes occurred early this morning at Bracqueennes, near Charleroi. Several thousand strikers attacked and stoned a body of gendarmes, who retaliated by firing their revolvers. Sharp fusillades followed and the gendarmes were compelled to retreat. A squadron of lancers, however, galloped up and dispersed the mob.

A manifesto signed by the general council of the labor party has been widely posted. It demands revision of the constitution and universal suffrage.

Telegrams from country districts indicate the widespread character of the movement, which threatens to culminate in a grand coup next week, during the reform debate in parliament.

A thousand demonstrators caused great disturbances at St. Nicholas Thursday night, until routed by repeated charges of gendarmes.

At La Louviere 6000 men ceased work, forcing workers in large industrial establishments at La Croyere, Haine and St. Pierre to join them. Strikers threaten to burn all factories where workers refuse to quit. Strong detachments of cavalry are now patrolling the district in order to protect the factories.

A telegram from Mons says work still continues in the Borinage district, but strike and disorder are threatening. Troops have been sent to the district to cope with possible rioting.

The police who had borne the brunt of the fighting at Brussels were strongly reinforced by gendarmes and civic guards with loaded rifles. Orders were issued to use all force necessary to drive the mob out of Maison due People. Just as the order was about to be executed chiefs of socialists offered to evacuate building quietly.

Estimates of number wounded during riots vary from 40 to 100 but scores of injured were carried off and hidden by friends.

A large number of rioters were arrested and are still detained.

Burgomasters of Brussels and suburban municipalities have proclaimed that meetings of more than ten persons are prohibited and any one found carrying a revolver be liable to six months imprisonment.

All centers of agitation are bristling with bayonets. Squads of cavalry are continually patrolling the streets and guarding shops which were threatened with plundering by the rioters.

MISS STONE AT HOME.

She Reaches New York on the Deutschland from Abroad.

New York, April 11.—Miss Ellen M. Stone, the missionary who was captured by brigands in Bulgaria and held for ransom, arrived here late Thursday on the Deutschland. She looked pale and worn and said the voyage had made her very ill. She was met at the steamer's pier by her brother, Charles A. Stone and by many other relatives and friends. Miss Stone said the brigands were not so fierce as might have been imagined. They said many insulting things, but never struck or beat either her or her companion, Mme. Tsilka.

"There have been several reports printed which stated that Mme. Tsilka had been held for ransom by our captors," said Miss Stone, "but that is a mistake. I was the one they wanted, and they always took a married lady to chaperone a single one, no matter how old the latter may be. The brigands meant to take the first married woman they came across, to accompany me, but the one they took first happened to be Mrs. Washeve, a native missionary and a widow, who was very ill at the time. Mrs. Tsilka was, therefore, decided on by the brigands, for which I was very thankful afterwards, and will tell you why.

"Seven weeks before we were released a baby was born to Mrs. Tsilka. The brigands had by this time become so insulting and cruel in their remarks that it was becoming unbearable. The appearance of the baby stopped all this, for the reason that the brigands of Turkey believe that a curse will settle on them if they do harm to a child or its mother. Our treatment after the birth of the baby was excellent. We began to get better food, although I must admit that it was generally very good, and the sneering remarks stopped.

"It was when the negotiations for our release fell through, or became disturbed that we were subject to our worst treatment. 'You are to die twelve days from now,' or 'We will put a bullet in your brain soon,' were some

IN APPRECIATION.

It is with much pleasure that we learn that The Spanish Concert Company of Barcelona has been engaged to play a return date in Bryan on Monday, April 14th. Their program rendered here Wednesday night was, in our judgment, one of the greatest musical treats the city of Bryan ever had.

Sr. Jose Rocabruna has never been equaled on the violin before a Bryan audience except, perhaps, by the great Musin, many years ago. Sr. Ferrer and Sr. Roure on the cello and piano respectively are great artists whose soulful music was an inspiration to those who heard. If the true worth of the company is recognized by the people of Bryan and College, a crowded house is assured for their return date.

Canning Plant for Athens.

Athens, Tex., April 11.—On April 9 citizens organized a stock company to build a canning plant. The machinery had been ordered and the promoters expect to have the plant ready to can much of the present crop. Two hundred acres or more have been planted in tomatoes hereabouts and the plants are looking well and growing nicely. Others are being planted every day.

Monument to General Polk.

Atlanta, Ga., April 11.—A monument to General Leonidas Polk, the Confederate general, was unveiled on Thursday on Lost mountain, 20 miles from Atlanta. The shaft was erected by Major Gideon Morris and wife, on the spot where General Polk, who was known as the "fighting bishop," was struck by a Federal shell, June 14, 1864.

BRAIN-FOOD NONSENSE.

Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles, and still another for bones. A correct diet will not nourish a particular part of the body but it will sustain every other part. Yet, however good your food may be, its nutriment is destroyed by indigestion or dyspepsia. You must prepare for their appearance or prevent their coming by taking regular doses of Green's August Flower, the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood, and makes you feel buoyant and vigorous. You can get Dr. G. G. THE REPORTS DIFFER

House Committee on Insular Affairs in the Philippines.

THE MONEY SYSTEM

Republicans Recommend the Plan of Governor Taft, but Democrats Declare for a Declaration of Policy by Congress.

Washington, April 11.—The report of the house committee on insular affairs on the bill for administration of insular affairs in the Philippines has been filed by Chairman Cooper. As to slavery, the report says:

"The problem presented is one not to be solved by eloquent denunciation of the system of slavery, nor by more of liberty. Its proper solution demands the tactful methods which shall be at the same time just and practicable."

The report devotes much attention to the advantages of the proposed coinage system, based on the gold standard, which differs from the silver system proposed by the senate bill.

It is pointed out that the house plan follows the recommendation of Governor Taft and the government experts. The report says the strongest objections to the introduction of American currency is the changes it would make in existing standards and the difficulty of maintaining a costly currency in a poor country, such as was experienced in Porto Rico.

The continuance of the silver standard in any form which does not raise the coin to a fixed parity with gold is pointed out to be subject to the same objections now made by the business community of Manila against the existing system.

"The islands have had a sufficient experience under such a system," says the report, "to justify the belief that they desire a return to the gold standard which prevailed in the Philippines prior to 1876."

The Democrats filed a minority report, which amounts to a declaration of policy on the part of the United States. It says in part:

"The chief question involved is whether, under the guise of forms of civil government, a policy unjust and cruel to the people of the Philippines and injurious and dishonoring to American citizenship shall be indefinitely if not perpetually continued, or whether there shall be substituted in its stead a more righteous and humane policy, the intent and purpose of which is to confer upon these people within the shortest practicable period and upon reasonable and proper terms, an autonomous system of free self government, based upon the principle of independence, which after the lapse of a reasonable period to afford training and experience shall eventuate into an unqualified and absolute independence."

No Change Made

Austin, April 11.—The railroad commission has failed and practically refused to grant the application of the Wells-Fargo and other express companies to increase the rates for transporting money between points in the state of Texas. The Texas bankers have petitioned the commission to reduce the rates charged by express companies for handling money, but this is also refused, and the present rates remain undisturbed. The rates now in effect in Texas for the transportation of money were fixed by an order of the railroad commission, and are a slight reduction under those in effect at the time of the commission's action.

Fell into a Boiling Vat.

San Antonio, April 11.—Craz Alcon, aged 13 years, fell into a cesspool of boiling water four feet deep at the Drelich soap factory here and was so horribly scalded that there is no hope for his recovery. The boy, with his mother, entered the soap works on business and the boy passed to the rear, where the vat of boiling water is located. Suddenly there was a scream from the vat and on men rushing to it the boy was found struggling in the seething pool of boiling water. When recovered the skin and flesh were sloughing from the body and the sufferer was speechless.

Bond Jumper Convicted.

Paris, Tex., April 11.—Will Murry was convicted in the federal court here of stealing a horse in the Indian Territory. The case has been on the docket several years, and the defendant had jumped three bonds of \$1000 each, one of which was paid by his sureties. When he was arrested the last time, a few weeks ago, Judge Bryant placed his bond at \$10,000. The prisoner has married since his troubles began, and his wife and three children, one an infant, were in the courtroom with him. They all cried bitterly when the verdict was returned.

Remanded Without Bail.

Sulphur Springs, Tex., April 11.—The examining trial of Jacob Spence, who is in jail charged with the murder of Dan Montgomery by poisoning, has been in progress here this week before Justice F. W. Paterson of the Sulphur Bluff precinct. It resulted in the prisoner being remanded without bail to await the action of the grand jury.

Survey Complete to Lawton.

Guthrie, O. T., April 11.—The Choctaw, Oklahoma and Gulf Railroad company has completed a survey into Lawton from Hewitt, I. T., where it connects with another branch of that system. The extension penetrates Comanche, Indian Territory on the Rock Island.

GENERAL FITZHUGH LEE

Lectures in Boston—Very Large Attendance.

Boston Herald.
"General Fitzhugh Lee, now brigadier general in the regular army of the United States, delivered an address at Tremont Temple last night on 'Peace and War in the United States and Cuba.'

Over the speaker's chair hung a large picture of General Lee, draped with the National colors, and underneath, the words 'Welcome, General Fitzhugh Lee.'

When the applause, with which he was received, had subsided, General Lee thanked the chairman and also the audience for the cordial greeting. 'As I told the gentlemen of your legislature this afternoon' he went on, 'when I could not come to Massachusetts—from '61 to '65—they didn't want to see me here, and, if they did, I don't think I could have come.' (Laughter.) After referring briefly to the great conflict between the North and South, General Lee proceeded to a discussion of the military history of the United States from the day when 'Columbus presented to Spain an empire compared to which the present British empire is inconsiderable and the Roman empire, in the time of its greatest achievements, was insignificant.'

He told of our wars with England and the heroism displayed by American soldiers, and the Mexican war during which so many officers, afterward leaders in the armies of the North and South, fought side by side.

Coming down to the Civil war he described many scenes of bravery witnessed by himself, and told numerous incidents of the great struggle.

At the close of his address General Lee held an impromptu reception on the platform. Many old friends in the audience pressed forward to shake hands, and many more were anxious to be presented to General Lee. While the reception was going on the Lancers gave three ringing cheers for the general.

The people of Bryan should feel honored in having this distinguished man in their midst.

"General Fitzhugh Lee, now brigadier general in the regular army of the United States, delivered an address at Tremont Temple last night on 'Peace and War in the United States and Cuba.'

Over the speaker's chair hung a large picture of General Lee, draped with the National colors, and underneath, the words 'Welcome, General Fitzhugh Lee.'

When the applause, with which he was received, had subsided, General Lee thanked the chairman and also the audience for the cordial greeting. 'As I told the gentlemen of your legislature this afternoon' he went on, 'when I could not come to Massachusetts—from '61 to '65—they didn't want to see me here, and, if they did, I don't think I could have come.' (Laughter.) After referring briefly to the great conflict between the North and South, General Lee proceeded to a discussion of the military history of the United States from the day when 'Columbus presented to Spain an empire compared to which the present British empire is inconsiderable and the Roman empire, in the time of its greatest achievements, was insignificant.'

He told of our wars with England and the heroism displayed by American soldiers, and the Mexican war during which so many officers, afterward leaders in the armies of the North and South, fought side by side.

Coming down to the Civil war he described many scenes of bravery witnessed by himself, and told numerous incidents of the great struggle.

At the close of his address General Lee held an impromptu reception on the platform. Many old friends in the audience pressed forward to shake hands, and many more were anxious to be presented to General Lee. While the reception was going on the Lancers gave three ringing cheers for the general.

The people of Bryan should feel honored in having this distinguished man in their midst.

What is more appropriate for a present than an elegant piece of bric-a-brac, cut glass or French china? We are showing the very latest in these lines. Wilson & Jenkins. 112

TALKING OVER PEACE

Boer Officers and Generals Consulting at Klerksdorp.

NO DECISION MADE.

At the Conference Are the Principal Boer Leaders—Hope in England That Steps Toward Peace Will Come of Conference.

Klerksdorp, Transvaal, April 11.—The approach of President Steyn, General Dewet and General Deleary with their staffs, who arrived Thursday, was signalized by the arrival of a flag of truce at the outpost. An officer with escort was sent out, and the president and two generals rode into Klerksdorp in Cape carts. The Orange Free State envoys were accompanied by Judge Hertzog, Commandant Oliver and six persons. With General Deleary were his secretary and a dozen Boers.

The Free State representatives are quartered in the old town, and General Deleary joined the Transvaal party in the new town. A conference tent was pitched midway between the two towns and free communication was permitted the Boer delegates, but they were suitably guarded.

HOPEFUL FEELING.

Belief in London the Conference Will Help Secure Peace.

London, April 11.—From government sources the Associated Press ascertains peace negotiations are not expected to come to conclusion so quickly as premature reports indicated.

Belief that there will be considerable parleying also exists in circles intimate with Boer leaders on the continent who maintain no peace can be arrived at unless the British grant concessions in some form of amnesty to Cape rebels.

Whether this contention will prove well founded or otherwise is only a matter of conjecture, but it appears certain Boers will hold out till all expedients of negotiation exhausted in the endeavor to gain this point.

Some of those in close touch with South African affairs believe 10 days may elapse before any definite conclusion is reached. In the meanwhile the presence of such representative of Boers at Klerksdorp, and other factors create, an all-round hopeful feeling.

A PRIEST DEPORTED.

One Sent Away from Guatemala for Some Unknown Cause.

San Francisco, April 11.—Rev. Francis Munoz, a Spanish priest of Guatemala, who was deported by order of the government, has arrived here on the steamer Acapulco. He came without baggage or bag, having been interdicted on board the steamer and then refused permission to go ashore. The young priest declares that he does not know the reason for his expulsion from the country where he has been laboring for the last five years. His friends can give no reason except it be possible revenge of the president of Guatemala, Manuel Estrada Cabrera, which is due to an incident that occurred last January, when the president visited the town in which Munoz was stationed. The visit was unannounced and no preparations had been made to receive Cabrera, who, it is said expected an ovation. Soon afterwards Archbishop Casanova was given a splendid reception in the same town. The apparent slight to himself is alleged to have greatly angered President Cabrera.

TO COERCE THE IRISH.

Ten Battalions of Militia to Be Sent to Ireland to Force Submission.

London, April 11.—A dispatch to the Pall Mall Gazette from Dublin says 10 battalions of English and Scotch militia are to be embodied and sent to Ireland within a month in pursuance of the British government's determination to apply coercion. The correspondent understands that Lord Londonderry, postmaster general, threatens to resign from the cabinet unless active measures are taken to circumvent the United Irish league.

Fought Drunken Marauders.

Chicago, April 11.—In a desperate battle between a saloon keeper and eight drunken marauders at 3 a. m. here, two men were shot and two others badly wounded, which led to their arrest. Others were hurt, but escaped. The affair occurred in Michael Adonowich saloon, a lonely spot on the South Side. The saloon keeper was laid out by a blow on the head, but not until he had, with a bottle and pistol snatched from one of the crowd, put four of them out of business.

Farmer and Tenant Fight.

Hopkinsville, Ky., April 11.—James D. Brown, aged 55 years, a prominent North Christian planter, and William Pulley, his tenant, fought a pistol duel in the public road over a tobacco crop settlement. Brown was shot through the shoulder. Pulley is under guard, being too badly wounded to be removed to jail.

Presidio Crowded With Patients.

San Francisco, April 11.—The general hospital at Presidio is so crowded with patients that 47 convalescents have been ordered to Fort Logan, Colorado.

DESPERATE BATTLE.

Four Officers Killed and Two Wounded and a Desperado Dead.

Knoxville, Tenn., April 11.—Meagre details of a bloody battle fought between a sheriff's party and outlaws in Scott county, Virginia, have reached Knoxville through a long distance telephone message from Jonesville, Tenn. Four men, all members of the sheriff's posse, were killed, two other possemen wounded and Jim Wright, an escaped Hancock county, Tenn., murderer, shot and captured.

Wright was under a life sentence in the penitentiary for murder and escaped from the state prison at Brushy mountain two years ago. He returned to his haunts in Hancock county and there defied the officers, although there was a reward of \$500 for his arrest. Not long after his return home, Sheriff Lagree of Hancock county, was shot from ambush and killed. The crime was charged to Jim Wright, and an attempt Thursday to arrest him and his followers caused the killings.

CROP STATISTICS.

Average Condition of Wheat and Rye Below Former Years.

Washington, March 11.—The April report of the statistician of the department of agriculture will show the average condition of winter wheat on April 1 to have been 78.7, against 91.7 on April 1, 1901, 82.1 at the corresponding date in 1900 and 82.4 the mean of the April averages for the last ten years.

The average of the principal states are as follows: Pennsylvania, 82; Ohio, 77; Michigan, 83; Indiana, 81; Illinois, 90; Tennessee, 60; Texas, 72; Kansas, 73; Missouri, 91; Nebraska and California each 93, and Oklahoma, 67.

The average condition of winter rye on April 1 was 85.4, against 93.1 on April 1, 1901; 84.8 at the corresponding date in 1900, and 88.1 the mean of the April averages of the last ten years.

RUMORS OF PEACE.

London Receives Reports That Boers Accept British Terms.

London, April 11.—The Financier and Bullionist publishes a dispatch from Pretoria declaring that the Boer leaders have accepted the British terms, that peace has been arranged and that the terms of peace have been cabled to the Boer agents in Europe.

Other unconfirmed statements of a similar character are in circulation in London. It is said that Frederick Rutherford Harris, former secretary of the British Chartered South Africa company, has received a telegram to the same effect, but nothing of any official or really reliable nature concerning the matter is known.

Suit for Damages.

Oklahoma City, O. T., April 11.—W. N. Elledge of Norman has brought suit in the district court here against the R. G. Dun Mercantile company for damages in the sum of \$15,000 on account of a report as to his financial condition. The plaintiff is in the mercantile business at Norman and the petition alleges that on March 28 the R. G. Dun company made a report to jobbers and wholesalers of the country that he was contemplating filing a petition in bankruptcy. The petition alleges that this report destroyed his credit and that in this manner he was compelled to pay all claims before due.

Fight With Outlaws Expected.

Guthrie, O. T., April 11.—Since the governor raised the reward to \$1000 for the taking of the outlaw Bert Casey, dead or alive, the officers of the two territories have been hot on his trail and another desperate battle between the Casey gang and the officers is expected at any time. The rewards for their capture amount to almost \$5000. Deputy Marshal J. S. Thompson of Anadarko has ridden over 1300 miles since Sheriff Smith was killed by the outlaws in January last, and several times has been within an hour's ride of the bandit. Both the officers and the outlaw have sworn to kill each other on sight.

Yett Out of the Race.

Austin, Tex., April 11.—The announcement that Hon. W. D. Yett of Burnet county had withdrawn from the race for congress in the San Antonio district was received here with interest. This leaves a clear field for Slayden and Slaton, and the forces of the two candidates will be concentrated in Burnet county to capture the vote of that county. The primaries will be held on May 17.

Fire at Columbus.

Columbus, Ga., April 11.—Fire broke out in the plow shop of the Southern Plow Works Thursday night and by 11 o'clock two whole blocks were in ashes, and another building, a warehouse, was damaged. The two blocks burned will cause a loss of over \$200,000 and the damage to the warehouse will run the amount up to a quarter of a million.

Rhodes' Remains Buried.

Buluwayo, Matabeleland, April 11.—Amid an immense throng of soldiers, civilians and natives, the body of Cecil Rhodes was Thursday committed to its rock tomb in the Matoppos hills. The coffin was shrouded in a Union Jack, and the wreath sent by Queen Alexandra was laid upon it as it was lowered into the grave.

Five New Gushers.

Beaumont, Tex., April 11.—Five new gushers, all good average wells, were brought in Thursday. There are now 223 spouters on Spindletop hill. Nine coaches filled with members of the Texas Lumbermen's association, are here looking over the oil fields.

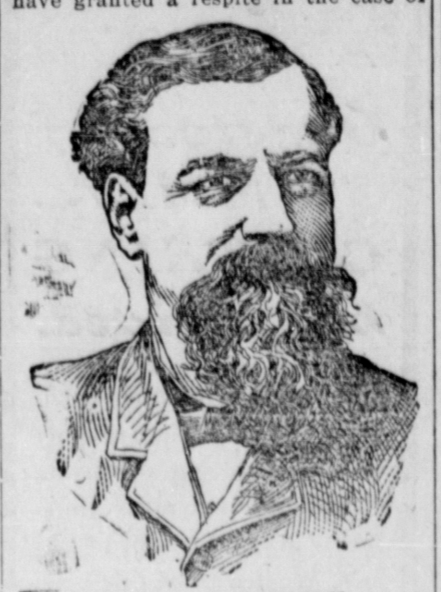

REPRIEVE CAME TOO LATE.

Negro Hanged in Missouri Before Sheriff Received the Stay.

St. Louis, April 11.—Henry Flutcher, a negro, was hanged at sunrise this morning for the murder of Louis Roth, 16 years old, on August 27, 1900.

At 6:45 a. m. just 35 minutes after the fatal drop fell, the following telegram was received by the sheriff from Governor Dockery, granting a respite of 15 days.

"Jefferson City, Mo., April 11.—Joseph F. Dickmann, sheriff, St. Louis. I have granted a respite in the case of

Following reply was sent by the sheriff:

"St. Louis, April 11.—A. M. Dockery, governor, Jefferson City, Mo. Henry Flutcher was executed at 6:10 a. m. Telegram of stay received at 6:45."

At 11 o'clock Thursday night Circuit Attorney Folk telegraphed Governor Dockery, recommending 10 days' reprieve in order to investigate more fully some testimony to the effect that Flutcher acted in self defense when he killed Roth.

WADE HAMPTON DEAD.

He Dies at Columbia after an Illness of a Month.

Columbia, S. C., April 11.—General Wade Hampton died at 9 o'clock this morning of general breakdown.

General Hampton celebrated his eighty-fourth birthday last week. A month ago he had a severe attack and his children were called to his bedside. He rallied, however, and was out driving week ago. In last few days his condition rapidly grew worse and he was finally pronounced precarious by his physicians.

Proudest Negro in America.

New York, April 11.—The proudest passenger to walk down the gang plank of the Deutschland when she made her dock was Herbert Cummings, a young mulatto, who was sent over on the same steamer by a local florist to decorate the cabin of Prince Henry on his return voyage from that country. The lad was detailed to attend to the floral decorations on board Emperor William's yacht Hohenzollern while she was in port and the prince liked him so well that he asked that he be sent to Bremen when he sailed on the Deutschland. At the end of the voyage Prince Henry presented him with a handsome gold watch and chain and gave him an autograph letter of recommendation.

It is stated at police headquarters that Welt confessed giving as his reason that he disliked Johnson. The machine consisted of a round wooden box and was nearly filled with giant powder. Matches and emery paper so arranged that by twisting off the lid the matches would ignite and set fire to the powder, which was of sufficient quantity to have wrecked the Johnson home.
